

Summer Camp

Junior Golf Academy

General

- The Golf Academy takes place on 9 afternoons, 3 hours a day on the 18-hole golf course Zuoz-Madulain in collaboration with the Engadine Golf Club.
- The golf afternoon starts with a stretching exercise as certain golf muscles need to be warmed up correctly.
- The children will be divided into three different groups, depending on their golfing ability and handicap.

There will be everyday practice sessions in driver fairway pitching bunker and putting. During the second week of the camp the players will get in touch with practical competition and team forms.

- The golf teachers speak English and German. Some of them also speak Italian, French, Swedish and Greek.

Goal for the beginners

The main goal for the beginner players is to learn how to play golf on the course. In the second week the players will be playing on the golf course.

Goal for the handicap players

The main goal for handicap players is to get a better feeling in swinging the club and understanding their own golf swing.

The most important thing is that the children have fun by learning!
