Our School

At Lyceum Alpinum Zuoz our students benefit from a holistic education in a school community based on trust, honesty and empathy. In a unique setting of outstanding natural beauty, our school offers a living and learning environment where students feel valued, safe and secure. Life and learning at Lyceum Alpinum Zuoz revolve around strong values shared by the community and parents alike.

Our Values

Students engage in inquiry and concept-based learning based on curiosity and creative thinking. Our expert teachers instil confidence in every student's individual potential and talents, encouraging them to reach **academic excellence**.

Through a wide range of extra-curricular programmes and community services our students develop a sense of personal responsibility and leadership skills. They are supported in their **personal growth** by a caring community and become open-minded, respectful and empathic young people.

Our culturally diverse yet close-knit student community fosters a sense of belonging, where everyone feels valued and shares the school's **community spirit**. Students develop appreciation of arts, nature, healthy living and forge friendships for life.
